

New Mexico Board of Nursing

CERTIFIED HEMODIALYSIS TECHNICIAN II CERTIFICATION BY EXAMINATION

16.12.4 NMAC – Hemodialysis Technicians

Prerequisites

- Hold a current New Mexico CHT certificate.
- One year CHT I experience post-certification.
- Successful completion of a board-approved Certified Hemodialysis Technician training program.

Supporting documents are part of the application and are due 30 days before the examination date. Failure to submit the application and documents by the deadline will delay an applicant's eligibility to sit for the exam. Review the following items to expedite processing your application.

- **Online application.** The online application can be accessed from the Board of Nursing (BON) home page under *Online Services: Exam/ReExam/Endorsement Application*. Please note that the instructions apply to all applicants even though it refers to a nursing license.
- **Attestation of eligibility.** This document is prepared by the nurse educator and verifies that the applicant meets eligibility requirements. It must be submitted directly to the Board of Nursing by the nurse educator.
- **Name verification documentation.** If the applicant's name on a supporting document does not match the name on his/her application, they must also submit to the BON a document that will link and verify them, such as a marriage certificate, divorce decree, or court order.

Questions about individual exam applications. Applicants who have questions about the status of their applications should submit them through the message center in their Nurse Portal accounts.
